

SUZUKI PRE-TWINKLERS

Violin for Older Threes and Fours

One 40 minute class
per week

Parent/Child Class

This class, for three- and four-year olds and their grown-ups, serves as an introduction to instrumental study and features singing, movement activities, and *Chalk Talk* (introduction to music notation). Students begin the year with foam violins (Foamalins) and graduate to child-size violins, taking their first steps in violin position and playing. Rhythm and pitch patterns drawn from the first Suzuki songs are introduced as well.
