Early Childhood and First Instrument Classes Spring 2024

Laura Barnett, Certified Dalcroze Eurhythmics Instructor

Music classes to delight young children 9-months to 5-years-of-age!

Most young children naturally respond to music—listening intently, singing along and moving to the beat—and our Early Childhood classes build on those natural instincts to develop and deepen enjoyment of music.

Early Childhood classes support the development of children's minds and bodies through an approach known as Dalcroze Eurhythmics. Classes are held weekly, incorporating games and exercises to stimulate the senses, feed curiosity and foster love and appreciation of music. Singing, movement, small percussion instruments, colorful balls, hoops, scarves and puppets make the classes lively, fun and engaging for even the youngest children, and helps them to develop:

- Keen inner hearing
- Rhythmic sensibility
- Sensory processing
- Focus
- Spatial awareness
- Fine and gross motor skills
- Social skills
- Sharing and working together

Children aged 9-months to 3-years attend classes with a parent or caregiver, who also participates in the fun—a joyful bonding experience!

Child-Only Classes are open to students aged 3 and up who are ready to attend music classes independently.

Children ages 3 and up may take the first steps in learning to play an instrument in our hands-on **First Instrument Classes**. Designed to prepare children for private instruction, these small group offerings in piano, violin, flute, and guitar are a joyful opportunity to explore music with others while learning basic playing technique, and developing a solid foundation in rhythm, pitch, and musical expression.

Please note that the last five minutes of class is for pack-up and movement between classes.

Class offerings subject to change. Visit www.hbms.org for current information.
