Early Childhood and First Instrument Classes Spring 2022

Laura Barnet, Certified Dalcroze Eurhythmics Instructor

Young children respond naturally to music. With spontaneous delight, they listen intently, sing along, and move to the beat. At Hoff-Barthelson, our teachers build on these early inclinations, inspiring a deep enjoyment of music while guiding the development of music-making skills.

Weekly classes for preschoolers incorporate exercises and games that involve singing, moving, improvising, and using small percussion instruments to promote keen inner hearing and rhythmic sensitivity. Props such as colorful balls, hoops, scarves, and puppets animate musical concepts and engage the senses and imagination. Even the very youngest children develop focus, spatial awareness, fine and gross motor skills, social skills, and the ability to work with others—all while having fun.

HEALTH AND SAFETY

Our faculty and staff are all vaccinated. Everyone in our community – students, families, faculty, and staff – follow well-defined safety protocols. [Learn more here.](#)

ADULT-CHILD CLASSES

The youngest students (9 months to 3 years) start with adult-child classes, where a joyful bond grows between children and their parents, grandparents, or caregivers as they sing together, listen, and move with the music.

CHILD-ONLY CLASSES

We offer a variety of music and movement classes for children beginning at age 3 who are ready to attend music class independently.

YOUR CHILD'S FIRST INSTRUMENT

Young children take their first steps in learning to play an instrument in hands-on classes and pre-Suzuki classes. Group classes in piano, violin, and guitar introduce the joy of making music with others while teaching basic playing technique, and foundational musical concepts. As an example, our *Suzuki Pre-Twinkler* class for three- and four-year-olds and their grown-ups prepares children for violin study. Aspiring violinists begin playing on foam violins (Foamalins) and graduate to child-size instruments, taking their first steps toward proper violin position and playing.

Our Early Childhood Classes encourage and support the development of children's minds and bodies through Dalcroze Eurhythmics, a renowned teaching method that pairs music and movement.

Hoff-Barthelson is known for one of the finest faculties of Dalcroze trained and certified teachers in the United States.

Adult-Child Classes

Guppies

9 – 24 months; must be 9 months by December 31

As children begin to explore the world around them, *The Guppies* invites them into the world of music, using songs and musical games to develop focus in a nurturing, fun-filled way. Supported by adults, children listen to music and develop their curiosity as they discover new concepts of sound and song. One child per lap, please.

Tunes for Twos

Must be two by December 31

One 40-minute class per week

Perfect for two-year-olds, who love to learn through movement, *Tunes for Twos* features songs and musical games that help develop vocabulary, small and large motor movements, socialization skills, and the ability to follow instructions. Children also begin to explore a variety of instruments. Adults and children learn songs and activities to enjoy together at home.

Getting to Know You: Exploring the Instruments

For threes, fours, fives, and kindergarten; must be three by December 31

Much in demand, *Getting to Know You* introduces children to music from cultures around the world while developing music and language skills through singing, movement, *Chalk Talk*, and playing instruments including maracas, triangles, claves, and more. *Getting to Know You* brings professional musicians into the classroom to introduce children to instruments in the wind, string, and percussion families. Highly recommended as preparation for private instruction.

** fours and fives only*

“Chalk Talk” introduces children to music notation. The teacher makes sounds with the chalk on the board while notating rhythm patterns. The chalk “talks” so that the children hear rhythms while they observe the notation.

Listening and Learning in Action

For fives and kindergarten; must be five by December 31

Children connect music, movement, expression, and notation in this joyful exploration of fundamental musical skills that contribute to success in instrumental study. Movement-based musical activities develop their sense of rhythm and awareness of musical expression. *Chalk Talk* teaches them the basics of musical notation as they clap and play rhythms on percussion instruments while the teacher notates them on the board. Aural skills are developed through singing accompanied by hand movements that show the motion and contours of the melody. Recommended for children who are taking instrumental lessons or are preparing to do so.

My First Instrument

Guitar Together

Group Guitar Classes for ages 4-6

This small-group offering is designed for children preparing for private guitar instruction. Class time is divided between learning the basics of guitar technique and activities away from the guitar that develop children's sensitivity to pitch, rhythm, and musical expression. Students play on appropriately sized guitars (*guitalele* or *requinto* guitars) and participate in an end-of-course, in-class recital. Students completing one semester of this class may be invited into our private lesson program or may be encouraged to continue for a second semester of *Guitar Together*. Students must have their own appropriate guitar for use in class and at home. A placement meeting is required for families wishing to register for this class.
