*Performers subject to change.*

The Honors Program for gifted and committed students, selected through auditions, has produced prize-winning performers in national and international competitions. The program is designed for students 12 years or older who have been enrolled in private lessons for at least two semesters, have been recommended by their teacher, and are motivated, committed, and working up to their potential. Honors students perform stylistically diverse programs for a faculty jury in special recitals at the end of each semester, take musicianship classes, attend professional performances, and participate in HBMS ensembles.
